Importance: High

To Whom It May Concern:

I write in an attempt to determine who has taken over Amber Brazier's work relating to document production on behalf of Microsoft (please see email below and attached). As you can see, my office has worked with Ms. Brazier for several months now to locate documents responsive to the subpoena issued by my office after the Court declined to quash the subpoena. (A copy of the Court's Order is attached to the email that is enclosed.)

Since she sent the email below, it appears that Ms. Brazier is no longer employed by Microsoft. Her phone number no longer works and emails sent to her address do not appear to be reaching anyone. We have not been contacted by anyone from Microsoft in follow up.

I would very much prefer to avoid motion practice against Microsoft if at all possible, and simply obtain the documents that Ms. Brazier clearly intended to provide us. However, as Microsoft's response to the subpoena has been outstanding since approximately April, time is now of the essence.

I may be reached at 541-206-2502 which is my cell in the event you have additional questions or need any additional information.

Looking forward to your response.

Sincerely,

Anne Cohen

Hi Sean,

Thank you for your e-mail. We believe that we have located the Bing Ads account associated with the request. We have sent out our notice letter to the customer indicating that we will be producing the data. The expiration date of the notice letter is August 18 and I expect that production will go out mid next week.

Thanks,
Amber

Amber,

I am following up on the subpoenas that were issued by our office to Microsoft in the above-referenced matter. Per the court's order, it has declined to quash the subpoenas issued to Microsoft.

Please let Anne or I know when we can expect to obtain the documents. My contact information is below and Anne's number is (541) 206-2502.

Thank you,

Sean M. Bettis
